

Economic Investments in Northern Mariana Islands

Office of Building Technology, State and Community Programs (BTS)

BTS works with partners in the private and non-profit sectors and in state and local governments to make the nation's residential and commercial building stock more energy-efficient, comfortable, affordable, and sustainable.

The mission of DOE's Office of Energy Efficiency and Renewable Energy is to promote a strong economy, cleaner environment, and more secure future through the development and deployment of energy efficient and renewable energy technologies.

BTS invested a total of \$0.4 million in Northern Mariana Islands in Fiscal Years 2001 and 2002

The Northern Mariana Islands Energy Office in Saipan, through the State Energy Program (SEP), received \$188,000 in FY 2001 and \$229,000 in FY 2002 for a variety of activities, including: implementation of the State Energy Plan; improving State Building Energy Codes; and providing public education and awareness efforts (e.g., hotlines, publications, and training).
